Bodies are our homes.

Treat them with all of the love and respect you can. Love every curve and asymmetrical part of you.💛

Cleaning.Tips.Tricks Because accidents happen! here's how to remove stains:

You will need:
Elbow grease

1. Quickly rinse fresh stains under cold water
2.Once the initial blood has gone, spray elbow grease directly onto stain
3.Leave elbow grease to work on stain for 30 minutes
4.Leaving the elbow grease on, cycle underwear in washing machine
5.Stain should either be gone or lighter! Repeat step 3 as needed to fully remove stain.
