**THE HUNGRY  
GUIDE TO  
ROCHESTER**

Welcome to the first issue of The Hungry Guide! With the Covid-19 pandemic came with financial troubles for small business owners, especially those within the service industry. This monthly zine highlights and celebrates the small owned restaurants in certain parts of the UK, in an attempt to advertise and encourage food-goers from outside the local proximities.

Rochester Highstreet is home to some of Medways hotspots including high quality local restaurants. The High Street is a hive of activity with a diverse range of shops, cafes and art galleries. The cobbled street provides a quick route to Rochester Castle ,which also leads to more food places.
