Michi Masumi 2K22

I descent of woman

Ancestor of child

Held by history with elegance

In a contemporary style

Never fully seen

Too many times

held in denial

Made to live like a criminal

Preparing for trial

There is an acceptance , hidden

In Some file, that I am nothing so

Treat with hostile and, I don't even know why

Their fears piled upon my shoulder, for such a

While, like a stomach in pain full of bile

I navigate gently and mild

Letting life take me

like Moses in the basket

floating on the Nile

And bless those confused

Simply with my isle smile.
