Warsha Weerakoon

Welcome to the Future Edisons,  
As you grow and stand tall,  
Two rows of words await,  
With pictures to see and read, try them all.  
Trace each letter as you go along,  
For each word read aloud,  
Opens a window to the world,  
Where new wonders are found

**Unlock the world of language with our specially crafted vocabulary book, designed with dyslexic children in mind. This book offers an engaging and supportive approach to learning new words, helping children build confidence and develop their language skills in a fun and accessible way. Featuring clear, easy-to-read text, vibrant illustrations, and interactive activities, our book transforms the learning experience into an enjoyable adventure. Join us in nurturing a love for words and empowering young readers to succeed.**
